CUBO 3.0

Battery Powered Audio System

Audio characteristics

Active Loudspeaker Power 150W
Auxiliary Loudspeaker 150W
Aquarmony (underwater Loudspeaker) 60W
Total Power 300W

Input:

CD Player (0db) RCA left+right
MP3 Player (-20db) RCA left+right
Bluetooth®
External Radiomic (Balanced XLR)

Output:

Link out for external power amplifier
Auxiliary Loudspeaker Speakon out (150W) or Aquarmony (60W with autoswitch for power and equalization)
Integrated Radiomic with independent regulation for each channel (optional)
Signal/Peak indicator for each channel
Battery level indicator
Bluetooth indicator

Power supply characteristics

PFC Battery
operating time to 8 hours, recharge in 5 hours, 300 cycles
LithioPoly Battery
operating time to 10 hours, recharge in 5 hours, 5000 cycles
External Power Supply (SELV Compliance)
Power out for external device

Physical Characteristics

Material Wood with MDF treatment for waterproofing and strengthening
Wrinkled Polyurea coating
Panels in anodized aluminum with PVC couplings
Steel AISI 316L hardware
PVC Wheels for transportation with galvanized support
Housing for external devices and for other objects
Dimensions 46 x 38 x 77 cm
weight 45Kg
